TRANSPORTATION PROBLEMS ARE EASILY solved by the Chesapeake Beach Railway Company. Oxen are employed by the company to haul lumber and other supplies over the deep sandy roads. They are considered more reliable than auto trucks and stronger than horses. A gasoline tractor is used to draw the street car at the resort.

AT THE URGENT REQUEST of Gen. Leonard Wood, governor of the Philippines, Col. E. B. Munson has been relieved from duty on the general staff and sent to Manila as medical adviser to the insular government.

SNIFF! SNIFF! THE FINEST CHEESE in the world is made right here in Washington. The dairy division of the U. S. Department of Agriculture, in their experiments to improve the quality of cheese produced in this country, manufacture on a small scale the very finest products. A. J. Boyer, dairy expert, and Dr. L. A. Rogers, chief of the division, are testing a rare Parmesan cheese fresh from the mold.

TREKKING THEIR WAY HOME ACROSS the continent from the convention in San Francisco, Washington Shriners visited Camp Curry in the Yosemite Valley. They were entertained at the camp by R. T. Williams, assistant camp manager, and W. B. Brown, of Berkeley, Cal., oldest Shriner in the world, ninety-seven years old. A. Cloyd Gill, city editor of The Washington Times, special writer with the caravan, is photographed with Mr. Williams and Mr. Brown.

SSH! LOOK WHAT'S IN his hip pocket. These two Washington truck horses establish the fact that clothes, after all, make the man. Fitted out with trousers by their thoughtful owner, they utilize their pockets man-fashion.
